

double
Uptown[™] 64 GALLON

CHANGING THE FACE OF OUTDOOR RECYCLING

Ideal for high-traffic areas, this recycling station offers the best of the best when it comes to function and style. Rotationally molded for added durability, and lockable double-walled front door ensures that servicing this unit is a breeze for years to come. The Uptown consists of two 32 gallon liners, designed to fit inside the unit perfectly. Built-in deflectors ensure a clean sort, preventing cross-contamination, while the angled surface of the unit directs rain water away from the front of the container. This design also eliminates users from leaving material on top of the container, ensuring a clean surface. The Uptown is fully customizable, allowing you to create a unique unit that speaks directly to your recycling initiatives.

FEATURES:

- Highly durable and will not rust or dent
- Openings can be customized to fit your program
- 2 easy to empty liners (32 gallons each)
- Built-in lock for added security
- Deflectors prevent cross-contamination and the slanted back prevents rainflow from entering unit
- Create a unique look with interchangeable doors
- Weighted base keeps unit stable and stationary

Optional labels available
